

How To Add a Donation to Give Account

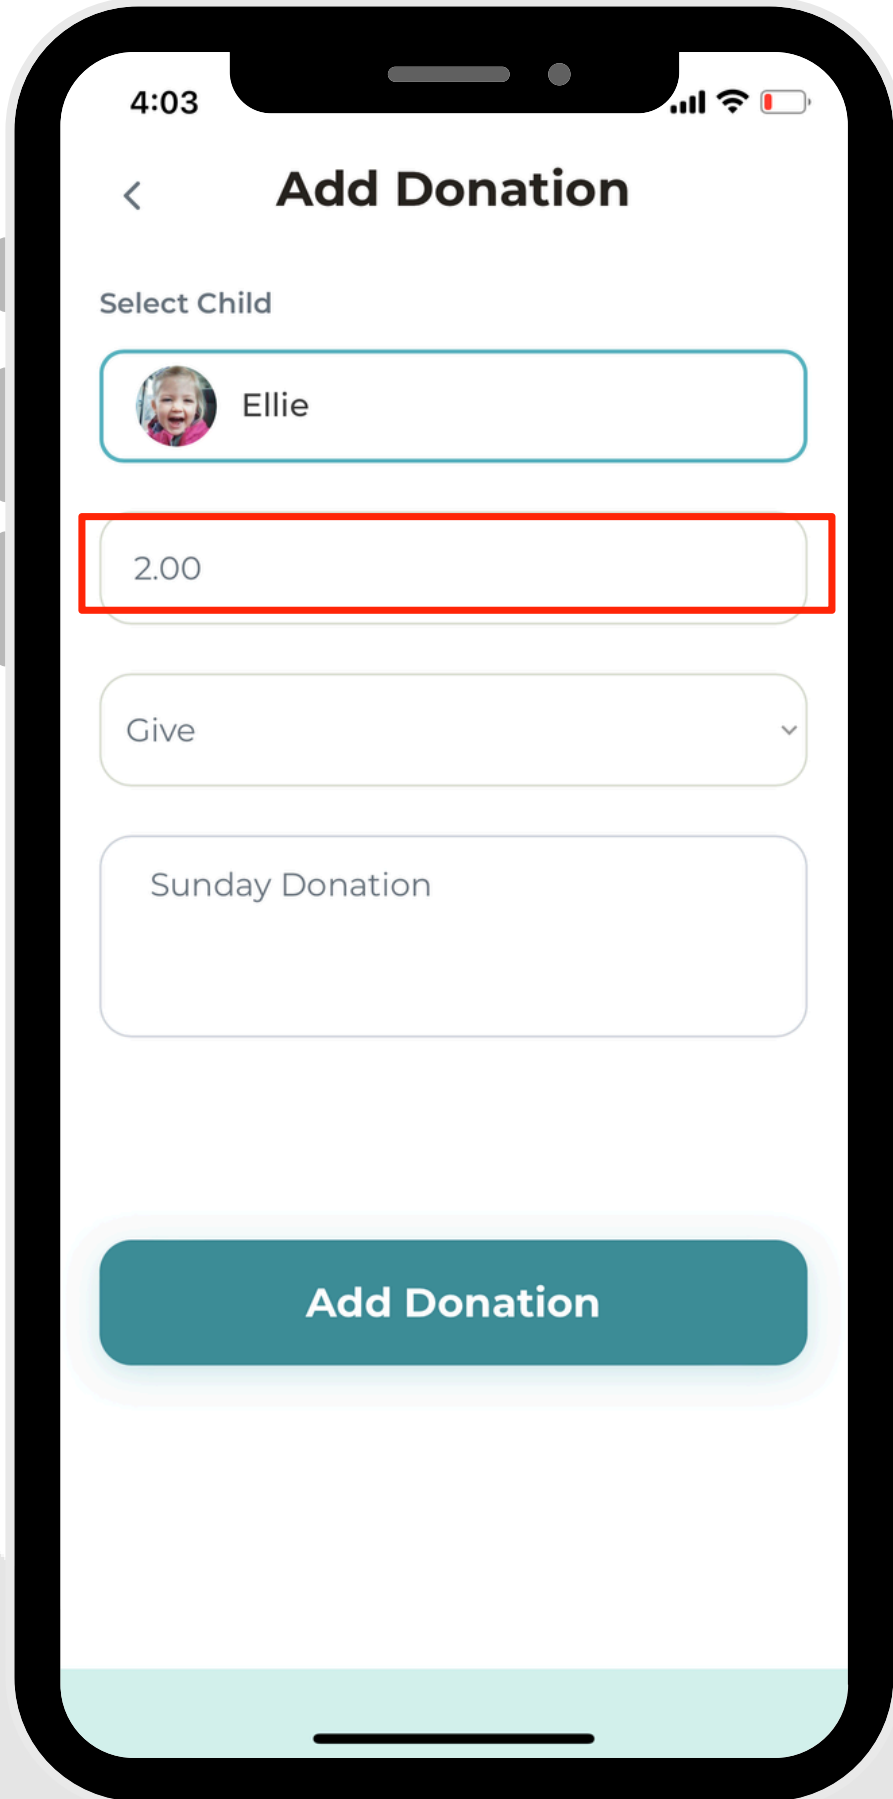

1. Select a profile.

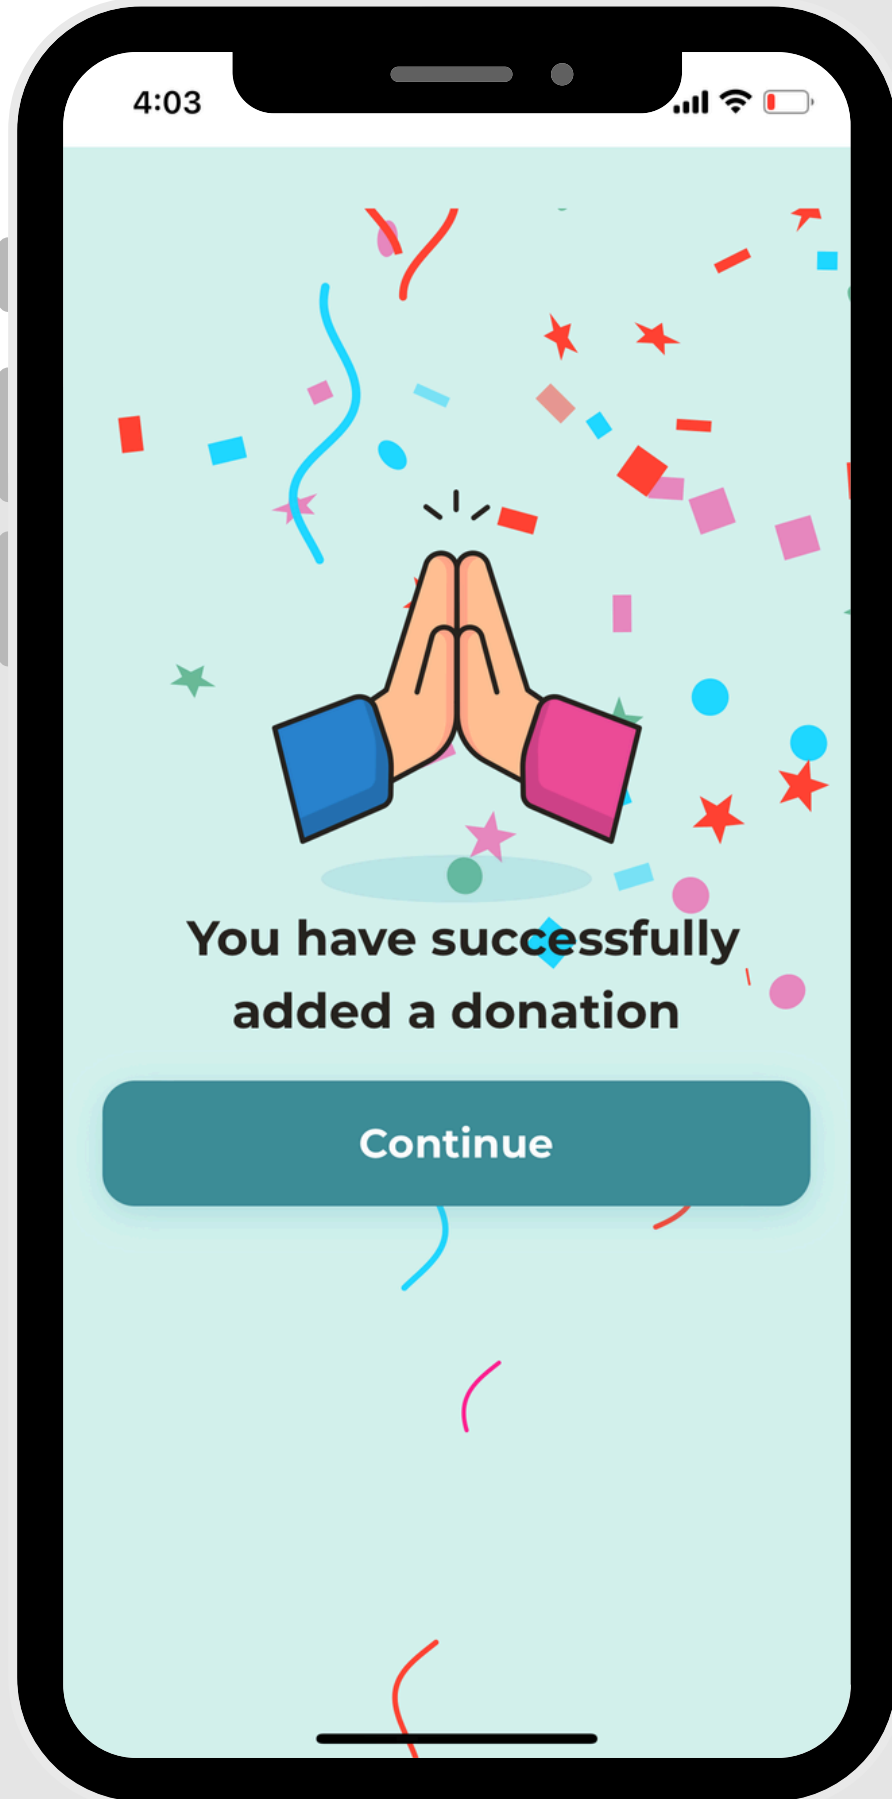

2. Navigate to the Give Account.

3. Select "Add a Donation."

4. Select the amount of money you'd like to donate, and which account you'd like to add it to.

5. And you're done!

Note: The Give Account is a ledger of what the child has donated. Therefore, this account should only increase, as each time a child donates money, the amount in their Give Account will rise.
